

## Can you help donate materials to our endorsed programs?

As a benefit to all endorsed programs, we survey our instructors twice a year (January and September) to identify their needs. Instructors have requested the materials below to be donated to their program. As an Owner or Contractor, we need your help. If you are able to honor any of these requests, please let us know so we can share your contact information with the instructor(s). They will reach out to you to coordinate pick up or delivery.

Since this is a benefit for endorsed training providers, we would like to post pictures on our website. Please send us a few candid photos of the material transfer. Try to capture logos for each of your organizations in the pictures. We appreciate your partnership and want to recognize your generous donation.

### 1. Electrical

- a. Agastat 120-volt 10 – 60 second timers
- b. Assorted sizes – 3 phase 120-volt coil Motor Starters
- c. Size 4 – 3 phase 120-volt coil Allen Bradley Motor Starter
- d. Assorted styles of limit switches

### 2. Industrial Electricity/Electronics

- a. Earplugs (all types)
- b. Safety Glasses
- c. Gloves
- d. ½ EMT (conduit)
- e. ¾ Rigid (conduit)
- f. 12 – 2 Romex wire
- g. 12 – 3 Romex wire

### 3. Ironwork

- a. Steel plate ¼" thick and larger

### 4. Process Technology

- a. Vessel/tanks
- b. Pumps for props
- c. Transmitters (DP cell instrumentation)
- d. Miscellaneous fittings

### 5. Welding

- a. 2" – 6" pipe fittings
- b. 2" socket fittings

- c. 2" – 6" carbon pipe
- d. 2" stainless steel pipe

**6. Welding – Supplies for scaffolding simulator**

- a. 4 -- Screw Jack with Base Plate
- b. 4 -- Starter Collar Base Collar
- c. 4 -- 9'10" (3M) Vertical 6 Ring
- d. 4 -- 4'11" (1.5M) Vertical 3 Ring
- e. 8 -- 7' Ring Lck Hori. 2130mm
- f. 6 -- 5'2" Ring Lck Hori. 1570mm
- g. 2 -- 2'4-13/16" Ring Lck Hori 732mm
- h. 2 -- 7'0" x 2m RL-Vert.Diag. (110.69" C-C)
- i. 2 -- 5'2" x 2m RL-Vert.Diag. (96.52" C-C)
- j. 1 -- Ring Lck Guard Rail Post
- k. 1 -- Adjustable Swing Gate 35" to 56"
- l. 5 -- 7' x 12" Steel Plank 2130mm
- m. 1 -- 10' Steel Non-Slip Ladder
- n. 1 -- 5' Steel Non-Slip Ladder
- o. 3 -- Ldr Brkt Wide 9" Deep
- p. 1 -- Scaffold Shipping rack

**7. Welding**

- a. GTAW 3/32 and 1/8 -316L, 308L, 309L Filler metal
- b. 316L ,304L Pipe 4-6" Stainless steel Pipe Sch. 80 and below
- c. Carbon Steel Pipe 4-6 Sch. 80
- d. Stainless steel plate 1/8"-1/2" 300 series or above on grade
- e. 9018 1/8 Lincoln SMAW electrodes
- f. 10 gauge to 14 gauge 308, 308L stainless steel plate or flat
- g. 10 gauge to 14 gauge 4043 aluminum plate or flat or weldable to a 4043 filler metal

**8. Welding – scrap materials**

- a. 2" SCH 160 carbon pipe
- b. 4" SCH 80 carbon pipe
- c. 6" SCH 80 carbon pipe
- d. 8" SCH 80 carbon pipe
- e. 12" SCH 80 carbon pipe
- f. 4" SCH 10 stainless steel pipe
- g. 6" SCH 10 stainless steel pipe
